

## Important Product Availability Update – Atom 582 & Alternative Options

Dear Valued Atom Power Equipment Dealers,

Due to high demand, the **Atom 582 is currently on backorder** with an estimated restock date of **mid-February**. All available inventory has been exhausted, and we are now accepting backorders for customers who wish to reserve units for the upcoming shipment.

In the interim, we encourage offering the **Atom 562 (Pro Honda 35cc)** as a reliable alternative for customers in need of immediate equipment. Please note that **Pro 2-Stroke units are temporarily unavailable**.

We apologise for any inconvenience and appreciate your flexibility in helping customers find the right solution. If you have any questions or need support with orders, please contact our sales team.

Thank you for your partnership and understanding.

Best regards,  
The Atom Team
